ADMINISTRATION

With concern and dedication our three administrators led the faculty through another successful year.

We offer our sincere appreciation for their guidance this year.

BOARD OF EDUCATION

Planning a school year and meeting student and community needs and expectations is a tremendous job for our Board of Education. We at Sasakwa School owe a great debt to those who give their time and expertise to such a demanding position.

CARNIVAL

Five small children, shepherded by a harried mother, had collected their Halloween treats. As the smallest turned to leave, I noticed that the tail of her cat costume was rubbing along the floor. "Does she know her tail is dragging"? I asked. The mother smiled wearily and replied, "Whose isn't?"

THIS 'N' THAT

"What we learn with pleasure —
we never forget"

I wish I could play too!

That's not all

The real problem of your leisure is how to keep other people from using it.

Credit is a device that lets you start at the bottom and go into the hole.

Man, reading ingredients on cereal box: "If this label is correct, there's enough fiber in this cereal to make me a sweater."

Television: A Radio with Eyestrain

Never mind rising medical costs - Have you priced get well cards lately?

Ego creeps in on little cat feet and fogs up the mind.

"Better to remain silent and be thought a fool than to speak out and remove all doubt."

School days can be the best days of your life, if the children are old enough to go.

Youth is a wonderful thing. What a crime to waste it on children.

Love is like a ocean. Always there always different.

Water rates are going up. Even a drop in the bucket is no longer a drop in the bucket.

My 18-year old daughter and I saw our cat come by. "She certainly has a great life," I remarked. "Comes and goes just as she darn well pleases."

"That," my daughter replied dryly, "is because she doesn't live with her Mother."

"Anyone who uses the term 'dirt cheap' hasn't tried to purchase a fifty-foot lot lately."

Success is the sum of small efforts
Repeated day in and day out,
With never a thought of frustration
With never a moment of doubt.

FOR SALE

The farmer had been taken in so many times by the local car dealer that when the dealer wanted to buy a cow, the farmer priced it to him like this: Basic cow, \$200; Two-tone extra, \$45; Extra stomach, \$75; product sotrage dept., \$60; Dispensing device, four spigots at \$10 each, \$40; Genuine cowhide upholstery, \$125; Duel horns, \$15; Automatic fly swatter, \$35. Total, \$595.

To err is human, but it takes a better excuse the second time."

DREAM ON - It'S GOOD FOR YOU

Are you a dreamer? Probably more than you think. Most people spend at least one month out of every year dreaming, says Dr. Leo Madow of the Medical College of Penn. Dreams typically last between 10 and 20 minutes, and they help to relieve anxiety by letting us work out the problems that disturb or confuse us during our waking hours.

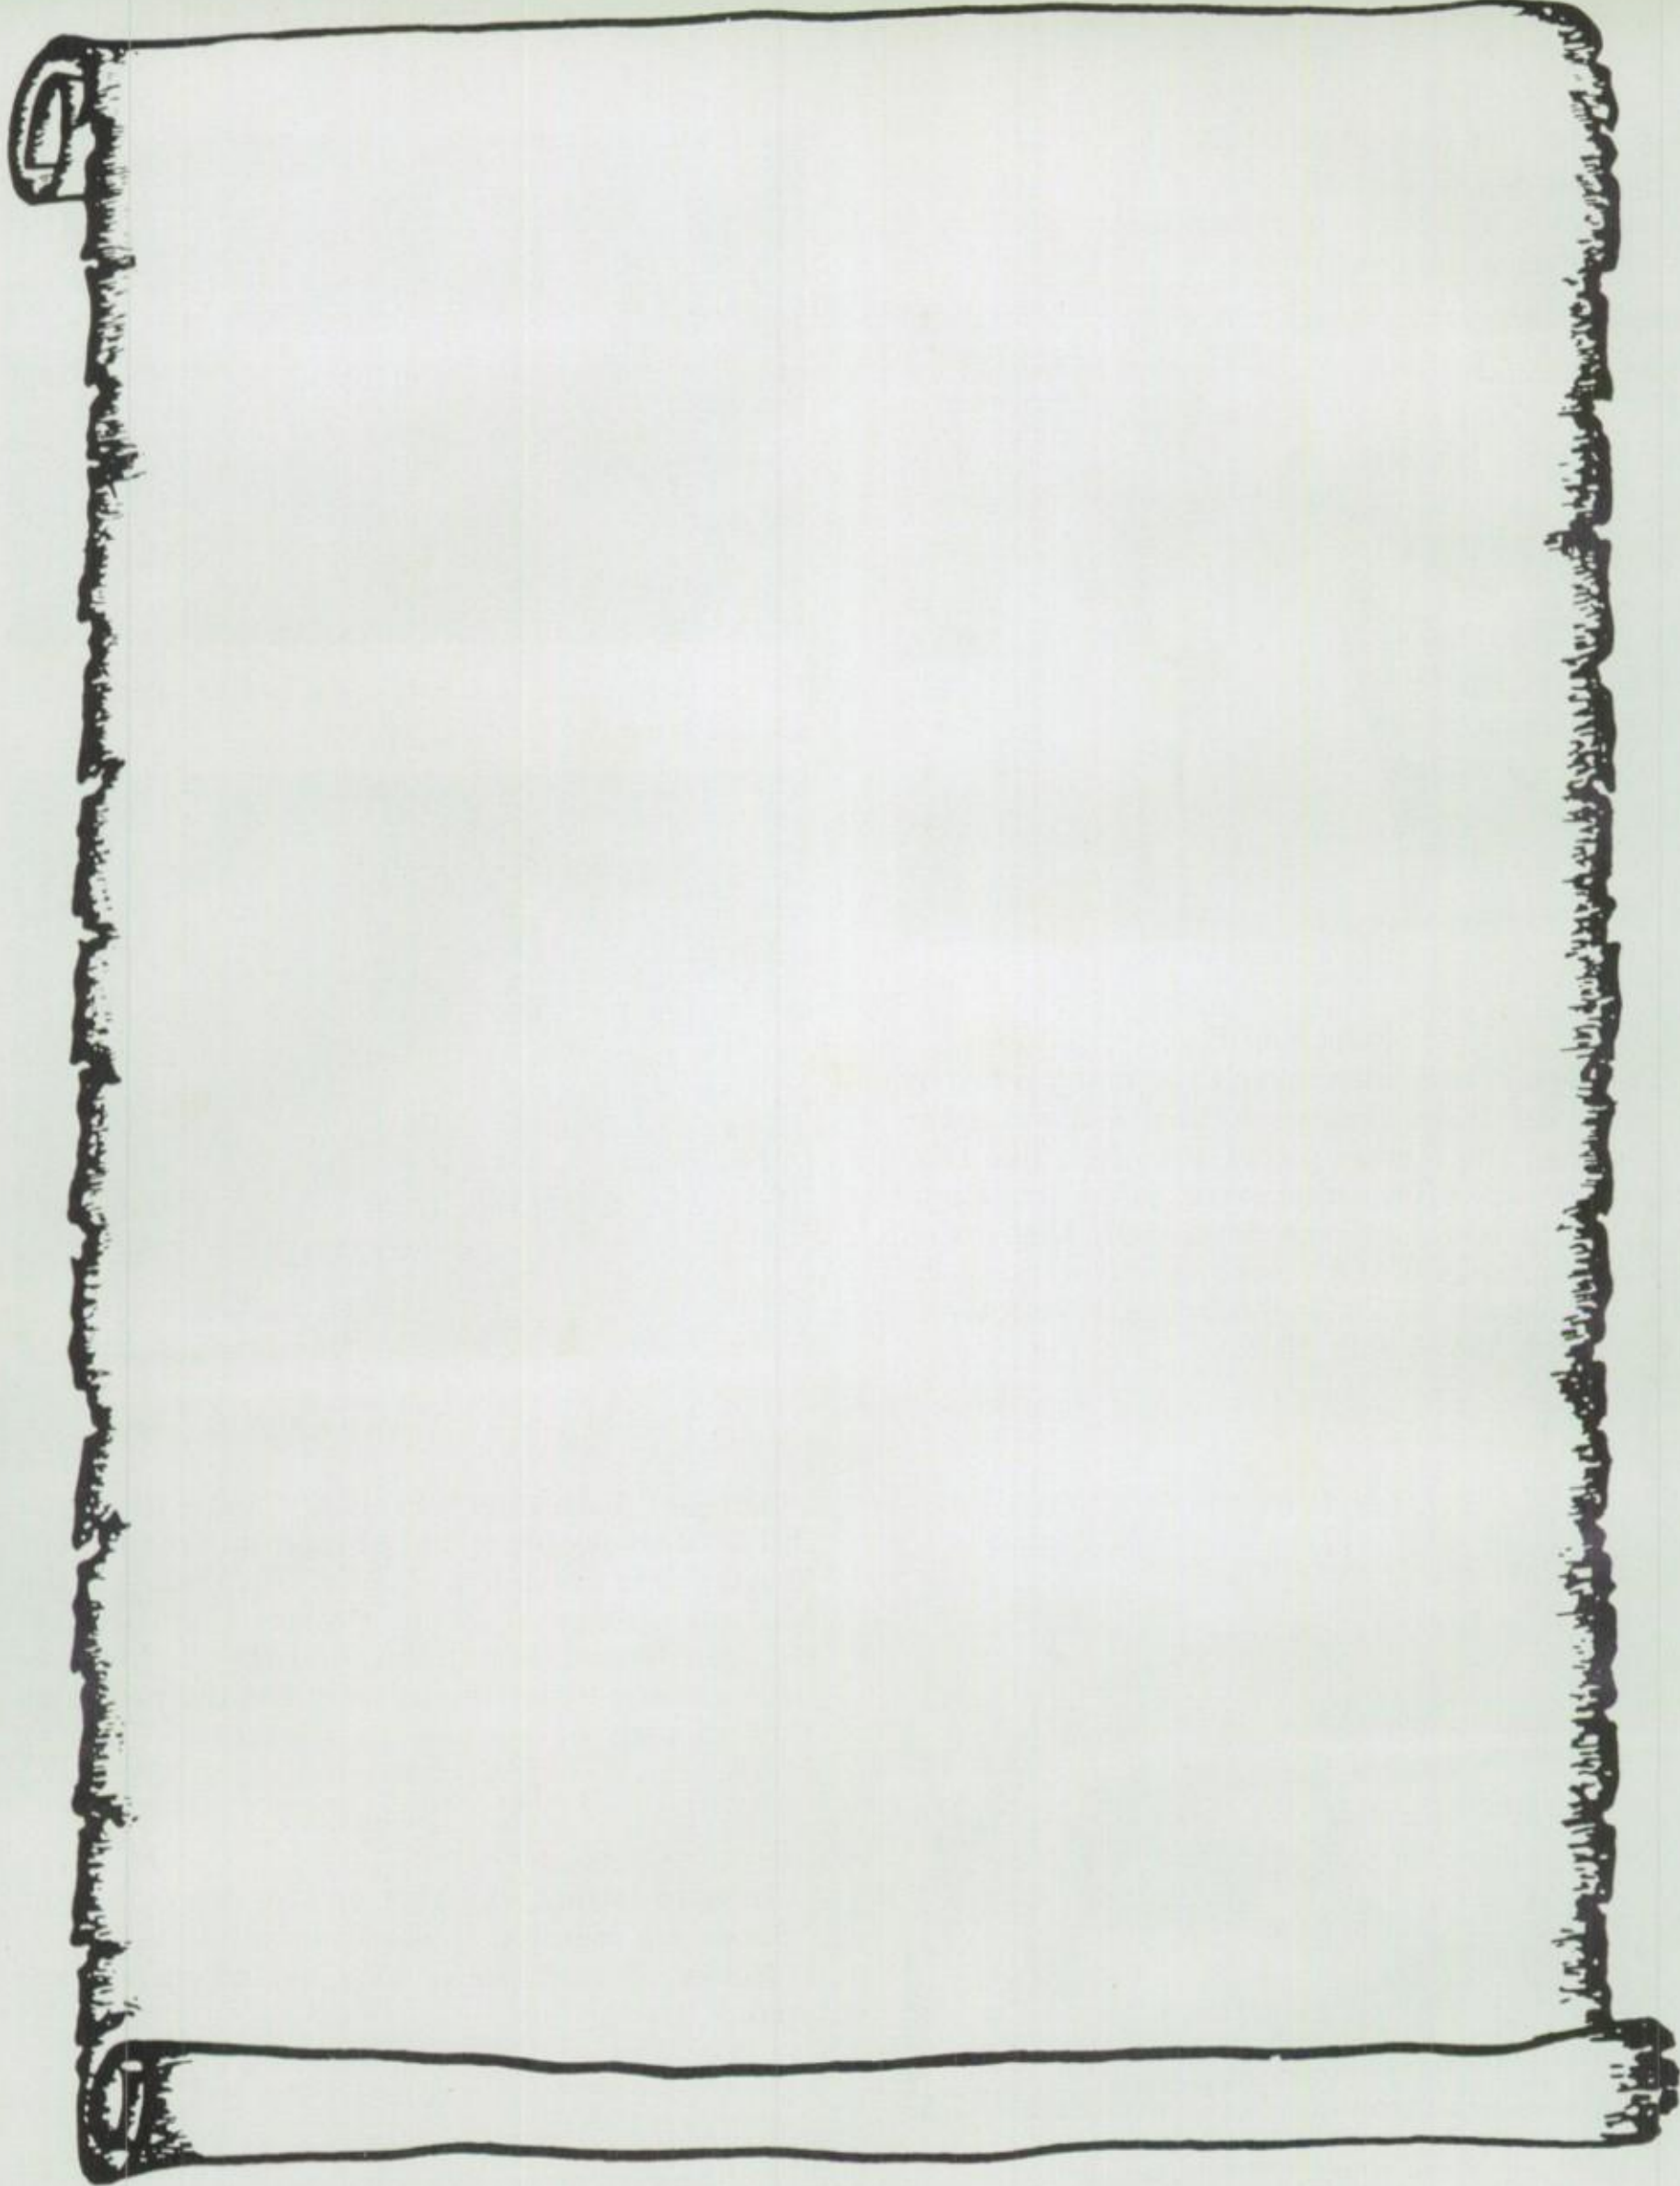

In bold letters, the sign on the cafeteria read. "Shoes are required to eat in here"

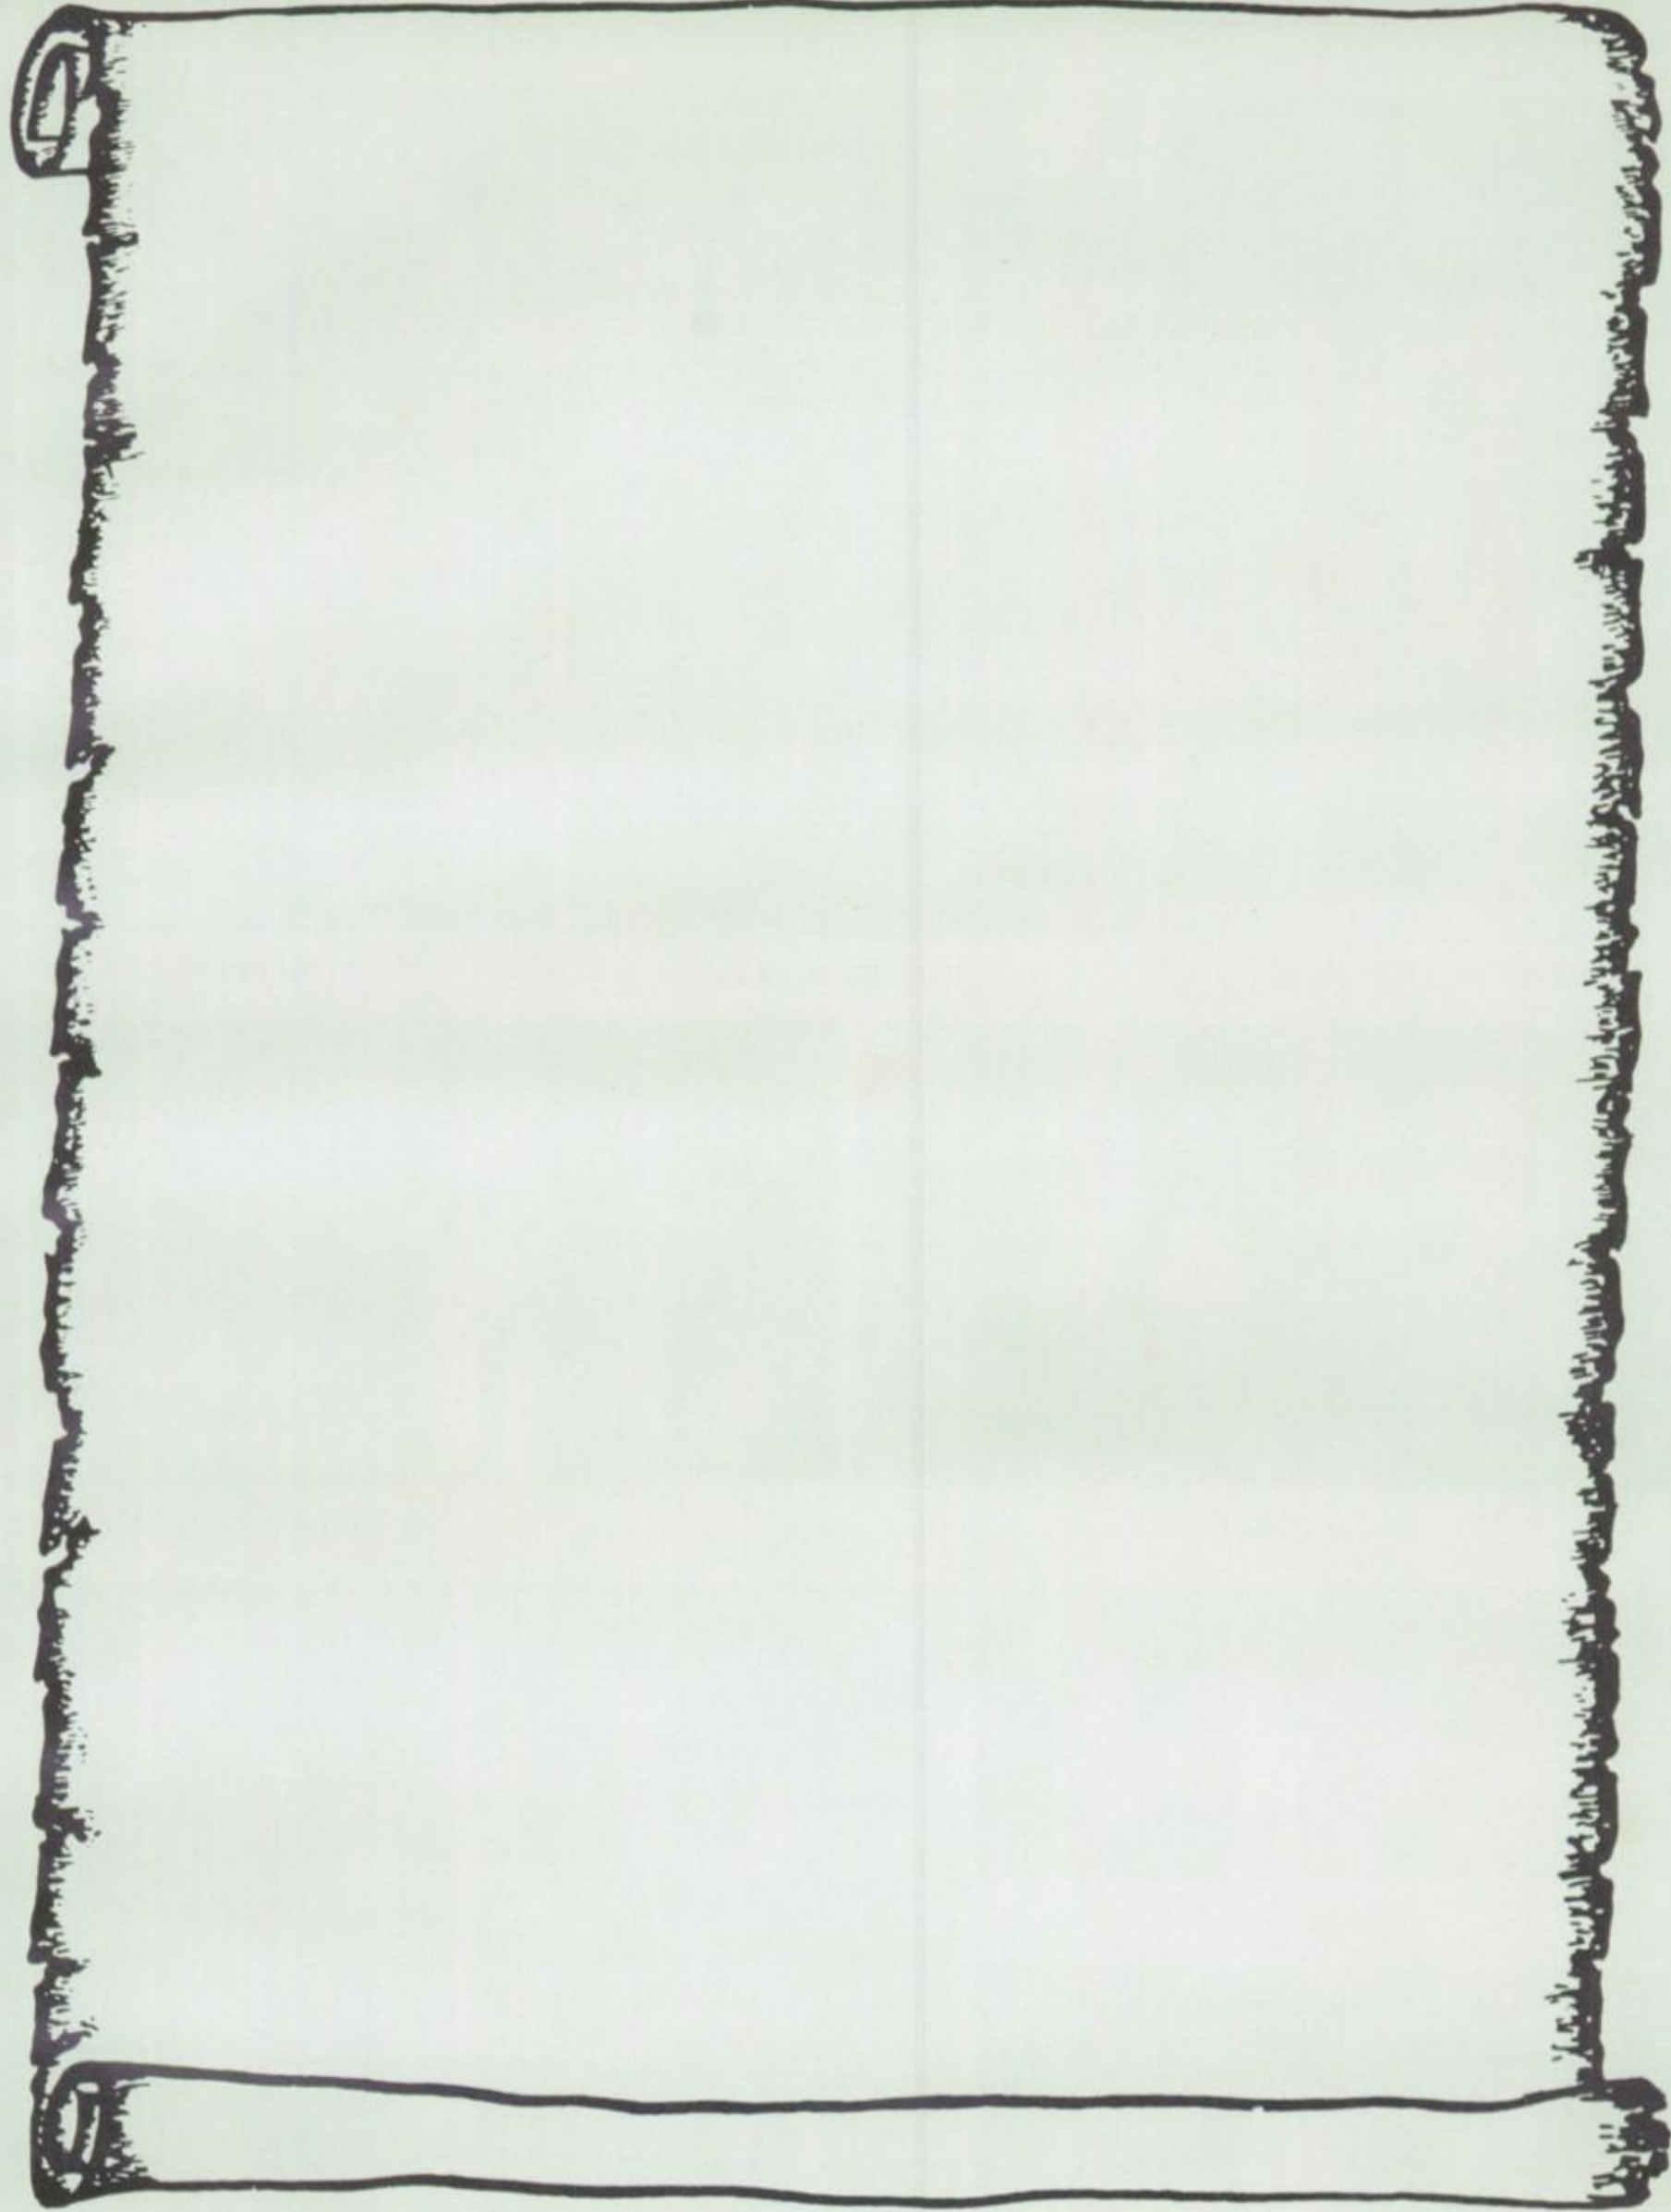

Below, it read, socks may eat wherever they wish."

"Don't itch for something that you're not willing to scratch for."

"Another miracle of Christmas is the toy that works the way it did in the TV commercial."
